Silent Seizure Detection System

EEG Analysis Report

Analysis ID	11
Patient ID	15
EEG File	chb01_03.edf
Doctor Name	Nandana
Prediction	Seizure Detected
Seizure Probability	99.05%
Analysis Date	2026-10-03 12:21:07

Interpretation

The EEG recording was processed using the configured machine learning pipeline. The prediction shown above represents the output of the seizure detection system.

This report is intended to assist the Doctor/Clinician in reviewing the EEG analysis result.
